

Chicago's Most Complete Listing of Area Public Courses

Golf Chicago! has compiled the most comprehensive list of area public courses ever listed in a local publication. There are over 225 separate listings, with some facilities having more than one course. In some instances the best information at the time of printing was 1999 rates. We suggest you call ahead for the most up-to-date information and green fees. The reservation policy is listed as R.P. and course ratings are the most current information available. The number to the left of each listing indicates its location on the guide map.
